

DEPLOY APP INTO KUBERNETES CLUSTER

Date	11-11- 2022
Team ID	PNT2022TMID07953
Project Name	Project – Skill and Job Recommender

The screenshot shows the IBM Cloud Kubernetes cluster overview page. The browser tabs include WhatsApp, Docker Hub, chatbot, mycluster-free - IBM, IBM Db2 on Cloud, and New Tab. The URL is cloud.ibm.com/kubernetes/clusters/cdrqtou2f09ua1fo2kvj0/overview. The page features a sidebar with 'Overview', 'Worker nodes', 'Worker pools', and 'DevOps' (marked as 'New'). A warning banner at the top states: 'Expires in 30 days: Be sure to back up your data, your cluster will be deleted in 30 days. To access the full capabilities of the service, try out a standard cluster.' The main content area displays four status cards: 'Node status' (1 of 1, Normal), 'Add-on status' (0 of 0, Normal), 'Master status' (Normal), and 'Ingress status' (Healthy). Below these is a 'Details' section with a table of cluster information: Cluster ID (cdrqtou2f09ua1fo2kvj0), Version (1.24.8_1544), Infrastructure (Classic), Zones (Milan 01), Created (11/19/2022, 1:01 AM), Resource group (Default), and Image security enforcement (Enable button). At the bottom, a 'Node health' section shows '1 total nodes'. A Windows activation watermark is visible in the bottom right corner.

Expires in 30 days: Be sure to back up your data, your cluster will be deleted in 30 days. To access the full capabilities of the service, try out a standard cluster.

Node status	Add-on status	Master status	Ingress status
1 of 1 Normal	0 of 0 Normal	Normal	Healthy
